

Protect yourself when you rent.

When you fly an aircraft you don't own, insurance carried by the FBO or owner may not protect you for a liability claim or damage to the aircraft. Have an accident and you could be on the hook for the cost to repair or replace their plane. Hurt someone or damage property and you may get sued.

In either case, the cost will far exceed the few dollars you spend on Non-Owned insurance from Avemco Insurance Company.

You get all these advantages:*

- No deductible ever.
- Up to \$5,000 for necessary medical expenses, including \$100 per day in-patient hospital payments to you, your spouse, parent or child caused by an accident resulting from your use of a rented or borrowed aircraft.
- Bodily Injury Liability coverage for your passengers and people outside the aircraft.
- Optional Aircraft Damage Liability (ADL) coverage for damage to the non-owned aircraft you're operating, including loss of use.
- "No Fault" deductible coverage up to \$1,000 for aircraft damage to reimburse the owner of a non-owned aircraft for their deductible, regardless of who actually was responsible for the loss (with optional ADL).
- Standard single-engine, light-sport aircraft, glider coverage and multi-engine coverage (additional charge applies).
- Save 10% on your annual premium for on-time renewal.
- Civil Air Patrol Mission coverage at no additional charge.

Insure with America's only direct aviation insurer.

Save up to 10% on your annual premium with the Avemco Safety Rewards Program.
